If Winter is slumber and Spring is birth,  
 and Summer is life, then Autumn rounds out to be reflection.  
 It's a time of year when the leaves are down and the harvest is in, the perennials are gone.  
 Mother Earth just closes up the drapes, it's time to reflect on what's been another year.  
 Life is a book in volumes three- The past, the present and the yet-to-be.  
 The past is written and laid away, treasured memories is what some of us have in our hearts.  
 The present, we're writing it today so,  
 we shall count our blessings instead of our crosses.  
 Count our gains instead of our losses.  
 Count our joys instead of our woes,  
 Count our friends instead of our foes.  
 When it rains, look for rainbows,  
 When it's dark look for stars.  
 The last volume of the three is locked from sight  
 and only God has the key.
