Lord, make us instruments of your peace.
Help us to recognize the evil latent in a communication that does not build communication.
Help us to remove the venom from our judgments.
Help us to speak about others as our brothers and sisters.
You are faithful and trustworthy: May our words be seeds of goodness for the world:

Where there is shouting, let us practice listening
Where there is confusion, let us inspire harmony
Where there is ambiguity , let us bring clarity.
Where there is exclusion, let us offer solidarity.
Where there is superficiality, let us raise real questions
Where there is prejudice, let us awaken trust
Where there is hostility, let us bring respect,
Where there is falsehood, let us bring truth. Amen

[Pope Francis, message for World Communications Day 2018]

Message from Bishop Francis.

The Eight Amendment to the Constitution is a guarantee that our laws will protect mothers and unborn babies. Without 'the Eighth' some babies in the womb will be regarded as less valuable than other human lives. A society that treats some human lives as less valuable than others is putting the most vulnerable and dependant at risk. 'The Eighth' is about letting live, let's keep it.

From the moment of conception human life begins its journey of growth and development. The baby in the womb is human, genetically unique, he or she has a right to that life. Human life, once begun, should be allowed to continue until its natural end. The one definite fact about abortion is that it will end a human life. The Eight Amendment does not victimise, or deny medical treatment, instead it protects mothers and babies.
