Sadly once again we are talking about Covid. The situation in ICU is "grave" according to one ICU Consultant, the hospitals and health care are under extreme pressure. It's time for all of us to stop and realise that this pandemic virus is still active and our daily behaviour has repercussions be they for good or ill for other people. All of us need to know that the ICU is available for all people when in need of care.

Our schools are under extreme pressure. It's impossible to get subs for teachers who need to be out of school. Once again we owe our school staff, Primary and Secondary a large debt of thanks and it goes without saying our Health Centre Staff and all of our people who work in care of the sick at home, nursing homes or in hospitals.

We have tried to make our Church a place of welcome but there is a great onus on us to make it a safe place so that it can be a place of welcome. Again I thank our stewards and ushers who give of their time with such generosity and goodwill. Thank you.

We understand some people have a concern in conscience to the vaccine. We need to respect that decision. However we must ask everyone to use the sanitizer, the face mask and respect social distancing regulations. This is simply to protect other people in the Church so that they too can feel safe and are protected by all of us. We have a limited capacity in our Church. Remember you can pray with us from home on the Webcam; many still choose the car-park. We will always make room for the anniversary family. Remember the Sunday obligation for Mass is still lifted for all. Thank you for your understanding, your patience, your good will and your prayers.

Rosary will take place in the New Cemetery on Sunday at 3 p.m. Remember Pope Francis has extended the indulgence for the month of November for a visit to a cemetery. A time of prayer and Adoration in our Church on Sunday next from 1.30 p.m. until 6.30 p.m. Rosary at 3p.m. and Evening Prayer Reflection at 6pm.
