Knowledge speaks
but wisdom listens.

***This is prayer for our young people who are confirmed
this weekend: they are our hope and our future
and the hope of our people and our world***

Loving God,

Creator of Heaven and Earth and all this is in them.

You created us in Your own image and made us stewards of all your creation.
You blessed us with the sun, water and bountiful land so that all might be nourished.

Open our minds and touch our hearts,
so that we may attend to Your gift of creation.
Help us to be conscious that our common home
belongs not only to us,
but to all of your creatures and to all future generations,
and that it is our responsibility to preserve it.

May we help each person secure the food and resources that they need.

Be present to those in need in these trying times,
especially the poorest and those most at risk of being left behind.
Transform our fear and feelings of isolation into hope ;
and fraternity so that we may experience a true conversion of the heart.

Help us to show creative solidarity in addressing
the consequences of this global pandemic.

Make us courageous to embrace the changes that are needed
in search of the common good.
Now more than ever may we feel that we are all interconnected and
interdependent.

Enable us to listen and respond to the cry of the earth
and the cry of the poor.
