Feast of St. Francis of Assisi (Tuesday 4th October)

St. Francis of Assisi was a Saint for all times, a Saint for all people. He preached peace in an era when life without was unthinkable. He embraced the poor while others treated them with scorn. And he allied with nature centuries before humanity understood its connection to every living thing. St. Francis offers a vision of a different world, where we share more equally the abundant wealth of goods and life itself as we focus on the right relation to the earth and all our fellow creatures.

Our rule, as was his, is "To follow the Gospel of our Lord Jesus Christ and to walk in His footsteps." St. Francis is known as the man who was most like Christ, "the first after the only one", the universal brother, a man of peace and reconciliation, the lover of the poor, the troubadour of creation. It is true. Francis of Assisi, however was first and foremost a mystic, a real contemplative, enamoured with the poor and crucified Christ. Francis was not only a man who prayed, but, he was "a man become prayer" The presence of God transfigures him until He made him "another Christ." St. Francis, pray for us, that we may faithfully follow our Lord Jesus Christ. Amen. (Poor Clare Sisters)

This week of Francis we remember again in the prayer of gratitude the gift of the Poor Clares to our Community. May their Guardian Angels, on their Feast Day Week lead them in their prayer to places of the heart where Joy, Love and Kindness are always found. (Fr. Frankie)
